Hey Love

12 Stones

Hey, hey love
Looking back on everything I've done
I never thought I'd find the one
To share the dreams that only I had seen
Locked in the deepest part of me
(Hey, hey love)
I took a chance to lay it on the line
There was nothing left to hide behind
If you never love then you may never lose
And I hope I'll always be with you
Now I'm screaming
Hey love, won't you leave your touch
On this heart that's broken
I can't breathe when you're not here
Hey love, won't you lift me up
On the wings that fly higher
Than the stars that shine above
Hey, hey love
Thinking back on everything we've done
We watched the waves drown the sun
We shared a dream that both us had seen
We made it our reality
(Hey, hey love)
We found a way to stand the test of time
All of our doubts were left behind

If you never love then you may never lose
And I hope I'll always be with you
Now I'm screaming
Hey love, won't you leave your touch
On this heart that's broken
I can't breathe when you're not here
Hey love, won't you lift me up
On the wings that fly higher
Than the stars that shine above
If darkness should fall upon our hearts
Remember the dreams from the start
Hey love, won't you leave your touch
On this heart that's broken

I can't breathe when you're not here
Hey love, won't you lift me up
On the wings that fly higher
Than the stars that shine above
Hey love, won't you leave your touch
(Hey, hey love)
On this heart, on this heart, on this heart
I can't breathe when you're not here
(Hey, hey love)
Hey love, won't you lift me up
(Hey, hey love)
On your wings, on your wings, on your wings
