Be Good

The Rulers

It's been a blast but we've been caught
Packing up your suitcase, hard day, long face
Get the story right, get the story right
Get the story down
Waltzing right out of the room
Be good when your parents stay over in June
It's been alright but we have fought
Ways of the Samurai, parry, thrust, do or die
Not the fighting type, not the killing kind
Get the story down
Waltzing right out of the room
Be good when your parents stay over in June
I heard the news, I'll send a card
Cellar door, Friday night, long Johns, hold tight
Put it on a page, put it on a line
Get the story down
Waltzing right out of the room
Be good when your parents stay over in June
