Space Rider

Grobschnitt

Space Rider
Where you think you're going
Is it Somewhere I can follow
Somewhere crazy
A place where I can be free yeah
Just be mepa pa pa da pa pa... pa da pa pa pa da....Space rider
Tell me where you're going
Is it there's a secret you know
Is the struggle onHey where you think you're going
Take me to the answer out there
Cause I've lost my clarity
And I want to see
So why don't you show mepa pa pa da pa pa... pa da pa pa pa da....
pa pa pa da pa pa... pa da pa pa pa da....
pa pa pa da pa pa... pa da pa pa pa da....You Know I got my head on the clouds
You know I got my feet on the groundSpace rider
Don't know where we're going
Take me to a place where tomorrow
Can Show me things that I have never seen
(You Know I got my head on the clouds)
Never Seen...Ooh Space rider
Tell me where you're going
Tell me what's out there
