When The Faction's Fractioned

Biffy Clyro

Today's a blur, little baby
Been up for daysWaking up
Waking upDevised a plan, little darling
To split the skyFade away
Fade awayThe time is running out
The time is running outWe'll fade away little baby
Make no mistake
To half as much, half as muchHmm! Ahh! Fffp!
Bup! Woo! Heh!The time is running out
The time is running
The water's running out
The water's running
The girl is running out
The girl is running
The girl is running out
The girlWe can leave this faction and start our own
No-one will take it over, no-one
We can leave this faction and start our own
No-one will take it over, no-oneStart our own
Start our own
Start our own
Start our own
And show them backward to the sea
