You Know What I Mean

Amparanoia

Just as I thought I'd make it
You walk back into my life
Just like you never left
Just as I'd learned to be lonely
You call up to tell me
You're not sure if you're ready
Oh ready or not, you'll take what you've got and leave
Leave me alone with my heart
Putting the pieces back together again
Just leave, oh leave me alone with my dreams

I can do without you, know what I mean
I wish I could write a love song
To show you the way I feel
Seems you don't like to listen
Oh like it or not, and take what you've got and leave
Oh leave me alone with my heart
It's broken in two when I'm not, I'm not thinking too straight
Just leave, oh leave me alone with my dreams
You've taken everything else, you know what I mean
