Quail

Artichoke

You think I clog up the drain
That it all sounds the same
You hear the strange sound
This is what I am
No apologiesYou say you are the real
You say you are the realNo one wants this
Nobody but you
Incapable of waking up
Emnity
Its you or nothing
Id take a blank wall any day
No more wasted breath
No moreIf its so simple
Everytime
I die in your conflicting mind
If its so simple
Everytime
I die in your conflicting mindYou say you are the real
You say you are the realThe real coward
