Love Changes

Meli'sa Morgan

It wasn't that I didn't love you
I just couldn't make you see
That as hard as I tried to make it all better
It was not better for me
The love that I gave you was all around you
There was nothing left for me
But I hate to say it, but I saw it coming
My feelings were changing
I only say what you want to hear
When there is a conflict I stay clear
When he was loving I was in tears
He knows my fears
I wish, I could figure a way around this
She says like a sad song
I don't understand the way that I feel
I am terrified of being wrong
Well I am not happy, I am not crazy
Are you listening, do you hear?
Everything happens for a reason
Stay clear
I only say what you want to hear
When there is a conflict I stay clear
When he was loving I was in tears
He knows my fears
When love changes in the flash of an eye
It leaves people burnin' by the side of the road
You stand there, you got nothing to hold
For the first time you are alone
For the first time you are alone
Wasn't that I didn't love you
But I just couldn't make you see
That as hard as I tried to make it all better
It was not better for me
The love that I gave you was all around you
There was nothing left for me
I hate to say it, but I saw it coming
My feelings were changing
I only say what you want to hear
When there is a conflict I stay clear

When he was loving I was in tears
He knows my fears
When love changes in the flash of an eye
It leaves people burnin' by the side of the road
You stand there, you got nothing to hold
For the first time you are alone
For the first time you are alone
That don't mend the sorrow
Or reinvent the pleasure
Mend the sorrow
Reinvent the pleasure, oh no
That don't mend the sorrow
