They Are Not Right

Oh No Not Stereo

We all have feelings inside
We've all been told what's wrong and right
I'm trying to stay alive
in a twisted system filled with liesThey are not right!
and we are alright!We've all got our reasons inside
to wonder what it's like to die
Don't tell me what to think
I'm not gonna fight another man's fightThey are not right!
and we are alright!The Government is lying
And people are dyingThey are not right!
and we are alright!
