Trafalgar

MamÃ¡ Burger

I rolled into the smoke
And there I lost my hope
I need someone to know me
And to show meThe square peg fits the hole
Why haven't I been told?
I need someone to know me
And to show meTrafalgar, Trafalgar, Trafalgar
Please don't let me downTen hundred people roam
Through the place I call my home
I need someone to know me
And to show meSitting cross-legged on my own
And yet I'm not alone
Don't need no one to show me
No one owns meTrafalgar, Trafalgar, Trafalgar
Trafalgar, Trafalgar, Trafalgar, Trafalgar
Please don't let me down
Trafalgar, Trafalgar, Trafalgar
