Talking Out Loud

Circa Waves

I'm not aware of myself
I wear my heart on my cheek
And how can I kill this
If I'm too careful to speak
I rode the bus to the end
To contemplate all I could
I had no money to spend
But that will do me some goodCan you come on come on now
It's not like you're talking out loud
Can you come on come on now
To my way of thinking
I make it up as I go
Convince myself it's sustenance
Not in my intrest to know
I see myself on the fence
I rode the bus to the end
To contemplate all I could
I had no money to spend
But that will do me some goodCan you come on come on now
It's not like you're talking out loud
Can you come on come on now
To my way of thinking
Can you come on come on now
It's not like you're talking out loud
Can you come on come on now
To my way of thinking
Can you come on come on now
It's not like you're talking out loud
Can you come on come on now
To my way of thinking
Can you come on come on now
It's not like you're talking out loud
Can you come on come on now
To my way of thinking
