As Long as We're In Love

Ronan Keating

We'll climb a mountain, we'll put a flag down
We'll start a dream and see what it becomes
From sticks and stones, yeah, we'll build a fortress
No one can touch us as long as we're in loveWe'll rule the thunder, capture the lightning
Command the ocean underneath the sun
As long as I live, breathe out and breathe in
No one can touch us as long as we're in loveEveryone tells us it's just a feeling
But they don't know us, what we believe in
It's more than three words we keep repeating
From the top of our lungs, as long as we're in love
Strong as the concrete, soft as the green fields
Sure as the rain into the river runs
Two faithful lovers, one single heartbeat
No one can touch us as long as we're in loveEveryone tells us it's just a feeling
But they don't know us, what we believe in
It's more than three words we keep repeating
From the top of our lungs, as long as we're in love
You always will be my one and only
Long after everything has turned back into dust
We'll still be falling, we'll still be standing
No one can touch us as long as we're in love
No one can touch us as long as we're in love...
