Together

Union J

[Josh]
Hey, you, watch d'ya say to a few drinks by the lake?
We'll watch the sun go down
With the music playing loud
And no one is gonna tell us
No, no one's telling us what to do-o-o
(Oh yeah)[JJ]
We'll be laughing
We'll be joking
We'll be making sweet memories
We'll be listening to Katy, love
And living our teenage dream[Josh does the melody with harmonies of the othersÃ¢Â€Â‹]
Because we are alive, crazy
And it's beautiful to feel alright
Knowing no one needs to fall in love tonight
The good times have only just begun[Jaymi with harmonies of the others]
Cause together
(We are)
We are an army and
(We bring)
We bring the party
(We are)
We are an army and we bring the party
When we're together[George]
We played truth or dare
Made out everywhere
And we danced on top of cars
Wrote songs on guitars
Fun, fun, fun
Everything was going our way[Josh]
(Oh yeah)[GeorgeÃ¢Â€Â‹]
We were laughing
We were joking
We were doing those things we do
We were turning up Taylor
And going crazy like we're 22[Josh does the melody with harmonies of the others]
Ã¢Â€Â‹Because we are alive, crazy
And it's beautiful to feel alright
Knowing no one needs to fall in love tonight

The good times have only just begun[Jaymi with harmonies of the others]
Cause together
(We are)
We are an army and
(We bring)
We bring the party
(We are)
We are an army and we bring the party
When we're together[Josh]
Ã¢Â€Â‹We are alone and we bring the party
Raise up your glass and let me hear you say
We are united
We'll make tonight the best of our lives
Cause[Josh does the melody with harmonies of the others]
Ã¢Â€Â‹Because we are alive, crazy
And it's beautiful to feel alright
Knowing no one needs to fall in love tonight
The good times have only just begun[Jaymi with harmonies of the others]
Cause together
(We are)
We are an army and
(We bring)
We bring the party
(We are)
We are an army and we bring the party
When we're together
