Stand Up

Coco Jones

yeah yeah yeah yeahsee you sittin there and all you do is nod your head
why dont you get up on the dance floor instead
its about havin fun not about looking cool
so grab your crew and let me see what you can do
pop lock drop boy I groovin so fly
the way your body moves did you know you mystified
we know each other truth without a doubt no lie
everything you do is so fly I'm justified[PRE-Chorus]
nod your head and swag with me
let me see you get pumped and feel the beat
nod your head and swag with me
come on you got to stand up baby[Chorus]
stand up stand up

stand up stand up
let me hear you scream
stand up stand up
throw it in the air
