I gotta find me a model, I like 'em thick

Clean up my shoe and pop my collar, I'm rich, ****
Oh what, you've never seen a baller? Well, this is it

I see you watchin' a playa, she like my dress code
Rockin' these Cartiers, drinkin' that XO
I know a place that we can go and get low
You with a gangsta, you ain't never felt like this before
And if you know that **** good, then hit the floor
