Dory

Dethklok

Oh, wildly cohering in a watery deep
We'll drop her down to the bottom
We'll drop her down like she's nothing
And the water is all
Oh, the water is still in a wilder deep
We'll swim around like two dories
We'll swim around like two dories
Let loose in the bay
We'll miss the eddy
Hold on, make steady
Go, there is no plenty
Even keel already gone
I can't be here all hour
I can't deserve this trouble
I can't be here all hour
I can't describe
I can't be here all hour
I can't deserve this trouble
I can't be here all hour
I can't describe this water
