Off Broadway

Ryan Adams

Hanging 'round Broadway and I think I saw your face
The cars speeding by me reminding me of us
Rats scurry from the gutter to their holes
All these people they're trying to get homeAnd I don't know where that is anymore
I don't know where that is anymore
I don't know where that is anymore
I don't know where that is anymore
Used to be off BroadwayI miss your locket and the things you kept inside
And I just can't stop it, it hasn't killed me yet but give it time
Shuffle down to the watering hole
Getting tired and I wanna go homeI don't know where that is anymore
I don't know where that is anymore
I don't know where that is anymore
I don't know where that is anymoreUsed to be off Broadway
Used to be off Broadway
Used to be off Broadway
Used to be off BroadwayI don't know where that is anymore
I don't know where that is anymore
I don't know where I live anymore
I don't know where I live anymore
Used to live off Broadway
