Eternity

Communions

I don't think I'll ever understand
the way you keep the world spinning in your hand
tonight, you'll take me for a ride
and all that matters is
I got you by my sideIn a parallel, univers
the city lights
it got me feeling like im cursed
hand in hand
it ain't fair
all these roads
they leave nowhere
I wonder why
eternity won't end
here we go again
eternity won't end
here we go, here go againIn the city there's lots to find
so take me back to the place we left behind
when I'm with you, I can hear it clear
a voice that's telling me that there is no need to fear
an infinity passing by
I see the truth, hidden in your eyes
you and me, we can do anything
instead of chasing gold
at the end of the string
I wonder why
eternity won't end
here we go again
eternity won't end
here we go, here go againI wonder why
eternity won't end
here we go again
eternity won't end
here we go, here we go again(Here we go again) x 5
