Tulsa Texas

Easton Corbin

You know I'll always be your cowboy,
But I cant be nobody's fool.
So while you're puttin' on you're makeup,
I'll be putting on my boots.
And I'm gonna saddle up my Chevi,
Ride off into the setting sun.
And at night while you're not sleeping,
You're gonna wonder where I've gone.I'll be down in Tulsa, Texas
Tallahassee, Tennessee
Memphis, Mississippi
Is probably where I'm gonna be
Albuquerque, Alabama
Saint Louis, Louisiana
If you wanna find me,
You can find me in Tulsa, Texas.I've spent a lot of lonely lonely nights,
Waiting for you from the front porch steps.
So goodbye my pretty blue eyes,
You got over me, you're gonna get.
You might not know it but someday,
This old boy is gonna cross your mind.
But don't you worry bout it babe,
I wont be all that hard to find.I'll be down in Tulsa, Texas.
Tallahassee, Tennessee
Memphis, Mississippi
Is probably where I'm gonna be.
Albuquerque, Alabama
Saint Louis, Louisiana
If you wanna find me,
You can find me in Tulsa, Texas.
