Mendocino

Coffee Creek

Sir Douglas Quintet is back.
We'd like to thank all our beautiful friends all over the country,
And all the beautiful vibrations.
We love you.

Teeny bopper, My teenage Lover,
I caught your waves last night,
It set my mind a wond' rin'
You're such a groove, please
Don't move,
Please stay in my love house by
The river.

Fast talkin' guys with strange
Red eyes
Have put things in your head,
It set my mind a wonderin',
I love you so, Please don' t go,
Please stay here with me in Mendocino
Mendocino, Mendocino,
Where life's such a groove,
You blow your mind in the morning,
We used to walk through the park.
Make love along the way in
Mendocino
Like I told you Can you, dig it?
If you want to groove
I'll be glad to have you
I Love you so
