You want me to give a show?
Well I don't really want to
You want to impress?
Well I don't really need toWho the fuck are you?
Where the fuck did you come from?
And if you wanted to be Hednigga
You should have filled out an applicationSo you want me to face the crowd?
I don't really feel like it
So you want me to jump around?
Well I am not amusedAnd who the fuck are you?
I gave my life to this KAH
See me walking with my demons
Laughing and scheming
Searching for some truth
And the meaningYou must be confused
You must be confused
You must be confused
If you think I give a fuckYou must be confused
If you think I give a fuck
If you think I give a fuck
Say what, this brother don't give a fuckSave your breath
Save your breath
Save your breath
For someone who really does give a flying fuckYou want me to be ethical?
You want me to be moral?
You want me to smile?
You want me to be normal?
I am not professionalYou want me to sing?
You want me to pray?
You want me to believe?
Well fuck that shit, that shit ain't meYou must be confused
You must be confused
You must be confused
If you think I give a fuckYou must be confused
If you think I give a fuck
If you think I give a fuck
Say what, this nigga don't give a fuckSave your breath
Save your fucking breath
Save your breath
