Give Me My Rapture

Van Morrison

There are strange things happening every day
I hear music up above my head
Fill me up with your wonder
Give me my rapture todayLet me contemplate the presence so divine
Let me sing all day and never get tired
Fill me up from your loving cup
Give me my raptureWont you guide me through the dark night of the soul
That I may better understand your way
Let me be just and worthy to receive
All the blessings of the lord into my lifeLet me purify my thoughts and words and deeds
That I may be a vehicle for thee
Let me hold to the truth in the darkest hour
Le me sing to the glory of the Lord, give me my rapture today
