Fix Up, Look Sharp

Dizzee Rascal vs. Justice

Stupid
Fix up look sharp
Don't make me pick up with sign get park
Hear the bang, see the spark
Duck down, lay down just
Fix up look sharp
Don't make me pick up with sign get park
Hear the bang, see the spark
Duck down, lay down just
I got the big beat
I hear the sound
I got the big beat
I get on down
I've heard the gossip from the street to the slammer
They're tryin' to see if Dizzee stays true to his grammer
Being a celebrity don't mean shit to me
Fuck the glitz and glamour, hey I'm with the blicks and gamma
Because they're talking 'bout rushin'
Talk behind my back but to my face they say nothin'
Stand up in the parks, keep a firm, steady stance
Keep the beanies touchin', keep the beanies hot flushin'
Flushin' M.Cs down the loo
If you don't believe me bring your posse, bring your crew
Feel free to hate 'coz I ain't tryin' to be your mate
Be serious you would'nt last a hour in my shoe
It's an Air-Force-One
Trainers by the truck load, trainers by the tonne
Don't be dazed when I catch you by your J's
Chump, best to act like Forest Gump, best to run
Fix up look sharp
Don't make me pick up with sign get park
Hear the bang, see the spark
Duck down, lay down just
Fix up look sharp
Don't make me pick up with sign get park
Hear the bang, see the spark
Duck down, lay down just
I got the big beat
I hear the sound

I got the big beat
I get on down
I stay sweet as a nut, sweet like Tropicana
When the hammer hits, your head splits like banana
You're not ready for this girl
You better send your best soldiers, 'coz this is Captain Rosco
More destructive and troublesome than ever
I'll probably be doing this, probably forever
Fellas wanna stop me, they'll probably come together
It's probable they'll stop me, probably never
You top-boy, top-man, or toppa toppa
Come to me with an attitude, come a copper
I'm old school like happy shopper
I fight old school, bring your bat and your chopper
And a first aid kit and some antiseptic
This could get hectic
I'm a done accept it, you got a bright future
Dont let my wrath affect it
Fix up look sharp
Don't make me pick up with sign get park
Hear the bang, see the spark
Duck down, lay down just
Fix up look sharp
Don't make me pick up with sign get park
Hear the bang, see the spark
Duck down, lay down just
I got the big beat
I hear the sound
I got the big beat
I get on down
Fix up
