Walk Away

Mitchel Musso

So long
You went alone
Holding on
To what you'll never know

Who were you
Pretending you should be
Never enough
Of who you thought you'd be

You walk away
You want to walk away
You want to walk away

For some eyes always see
Far beyond
Your reality

Look within
Into the universe
Ask yourself
If you belong to this

Walk away
You want to walk away
You want to walk away
From who you are
