It's That Time of Night

Jim Ed Brown

I know it's after midnight and I'm knocking on your door
And I guess the least I could have done was call
I hear you say who is it then you open up your door
And you see this fool here standin' in the hallIt's that time of the night when a man needs some lovin'
And my wanting grows stronger for you
It's that time of the night when a man needs his woman
And only your lovin' will doYour bedside light is shining on the teardrops in your eyes
And I hold you just the way I always do
Your trembling body tells me so much more than any words
That you need me just as much as I need youIt's that time of the night when a man needs some lovin'
And my wanting grows stronger for you
It's that time of the night when a man needs his woman
And only your lovin' will do
