Since I Met You Baby

Freddy Fender

I used to wake up in the mornin' with an achin' head
I couldn't remember anything I'd said
My friends told me, I was gettin' out of line
If it wasn't for you baby, I'd be doin' time
Since I met you, baby
You've made a new man of me
Since I met you, baby
I'm happy as a man could be
I used to think, I was better than the rest
Ain't no doubt about it, I was no second best
Didn't seem to matter what was right or what was wrong
I did some crazy things before you came along
Since I met you, baby
You've made a new man of me
Since I met you, baby
Happy as a man could be
Yea
Since I met you, baby
(Since I met you, baby)
Since I met you, baby

(Since I met you, baby)
Since I met you, baby
(Since I met you, baby)
Since I met you, baby
(Since I met you, baby)
Since I met you, baby
I'm happy as a man could be
Yea
Since I met you, baby
(Since I met you, baby)
Since I met you, baby
(Since I met you, baby)
Since I met you, baby
(Since I met you, baby)
Since I met you, baby
(Since I met you, baby)
Since I met you, baby
Happy as a man could be

That's right
Happy as a man could be
Thank you
Thank you
