I got 7 deadly sins come baby dive in I got an EGO big as a mountain and lips that taste like cream.Im going nowhere I don't even know where Iv been u wanna feel me u wanna fill me withinCoz I want us to go to heaven its beautiful place to be its like dialing the number 7 living our life so free
I got a pocket full off dreams bet u baby they are obscene check me out do u like what u see
Coz im sexy ass a man can be
I wanna take ya to a place that u never been
Im gonna fill yaa I wanna fill u withinCoz I want us to go to heaven its beautiful place to be its like dialing the number 7 living our life so free
thay say the cat is getting at the cream
