Hate dude, slime been hatin' for a while

But meanwhile, I been good for a while

Been fuckin' these bitches, gettin' pussy for a while
Boy, watch ya mouth, you been cursin for a while

Used to be, hand-in-hand in the hood for a while
Used to call Miss Cleo, but I ain't call her in a while
Used to be in the strip club and drunk for a while

Who is this? The half-spanish bliddack, nore I got a minat
Get found wit 34 to ya chest, it's like shid-aq
Ya girl a riddack, straight slime been tryna get at
I told her stop callin' my phone, it's just a riddap
I smoke bogeys, all day like 2-piddac
And smoke weed, and get drunk but no criddack
Guns go boom, the thing's jammed it's like did-dat
Sounds like klit-at-klat-k-klat-klit-at
Still hold biddack, but really you need to sliddack
My team already diggin' ya grave, for ya niddap
And chicks love the dick, especially from the biddack
Have 'em sayin, "Ohh Nore", and all th-that
Magnum W.L.S, but I mean it's too thinnat
Oscar Lopez, it's revolutionary rizzap
The lord gave me the willpower to bust gizzat
This is my year, y'all niggas should hold bizzack

(What?)
Shake ya body till it break
Homey, open ya eyes and be alert when
The thing get to stutterin', and spittin', and squirtin'
Holes in ya body by the time you pull ya heat out
Holes so big, man, ya heart and kidney leak out
I'm motivated by, cars and chains
And innovative ways, to rock cocaine
38, baby tek, gloves, and Scully
Niggas, watch yaself, I'm too damn gully
If all dogs go to Heaven, yo, and if that's so
Let's shoot, dawg, them all, yo let's see if we go
I got some low corn booth or video, for my niggy though
Gave it to Afena, came right back for shiggy though
Wasn't really though, I just signed a new deally-o
Makin' more money, now this bitch is in my video
Idiot niggas, call them niggas o-idio
Now they makin' collect calls like Arsenio
