

# When It Gets Down to It

**Fred Hammond**

(Verse 1)

You're the joy inside my tears

And my comfort through my pain

Your touch relieves my fears

When it's dry You send me the rain(Channel)

You're constantly embracing me

With loving praise I gotta say(Chorus)

Lord I wanna thank You

For Your wondrous love

Has come down and touched my life

And for Your mercy and Your grace

We praise You morning, noon and night

Your compassion great upon my soul

You help, You lead and guide

Lord I wanna thank You

For Your wondrous love

Has come down and touched my life(Chorus B)

You're so beautiful, beautiful

Lord You know You're more than

Wonderful, wonderful, wonderful

So incredible, incredible, ooh, ooh, ooh

And I'm so in love with You(Verse 2)

When discouragement has come

Through the storm You help me sing

When the night says it has won

In the morning joy You bring(Repeat Channel)(Repeat Chorus)(Repeat Chorus B)(Vamp)

When it gets down to it

You're all I have and all I need

All in my soul there's a praise for You

(repeat)There's a praise for You

When it gets down to it

When it gets down to it
