## Dikta

    this is me without sleeping  
    a broken tree, a willow weeping  
    is this really happening?

yes, it's really happening  
this was not part of the plan  
this is me under pressure

    hopefully no desperate measures

    a day late and a dollar short

    Im a day late and a dollar short  
    I try my best

    I always try my best

    let's just hope that it will do

and if not, I'll still have you  
I am free  
this is me finally listening

    this is me finally sleeping

    and I hope this was all worth while
