Don't Run For Cover

Helloween

You hide, won't fight
Avoid the daylight
Give in, won't win
No try to make it rightWhy don't you stop crying
Stop your painful dying
Why don't you give your life a senseOne game, one aim
But you're always sleeping
One light so bright
In darkness you're creepingWhy don't you use your head
Step out of your warm bed
And stop being on anxious ratRun, for your destination
Fly, to the sun
Don't give a damn what the people may say
It's like a chain on your leg
When you always look back
If you don't risk anything one day you'll pay[Chorus]
Don't run for cover
Don't cry alone
Make a step on your stairway
One step closer to what you live for
Don't run for cover
Don't throw away
The only chance that you got
To be the fire in a hot life you chooseNo pride, no right?
In your heart is more strength
You know, I know
Your destiny's in your handNow you have this time
To survive don't be blind
In this world where so many can't seeBridge:
Try, to catch the key
Make, that you can see
The light of your life your way to go[Chorus]Run, for your destination
Fly, to the sun
Don't give a damn what the people may say
It's like a chain on your leg
When you always look back
If you don't risk anything one day you'll pay[Chorus]
