SIGN UPPropertySimmondsPROPERTY LYRICSMY property, you are my property

Yeah you are my property, yeah you are my property

I know mine just can't take you apart from me

My property, yeah-yeah, my propertyThis been getting messy-messy

I've never been the type to lovey-lovey

I know I had to change that up for you though

Baby you have to help me out, are you the?

(?) the silence through the noise

Hope that you are not with other boys

I can be more than just a friend

I can be more than just your friend

I'ma need your love

Energy give me everything

On top of me like a (?)

Baby that's where I want youLike you are property, like you are my property

I know mine just can't take you apart from me

My property, yeah-yeah, my property

Yeah you are my property, yeah you are my property

I know mine just can't take you apart from me

My property, yeah-yeah, my property

Nobody getting in the way-ay-ay-ay

Ain't nobody taking you away-ay-ay-ay

Nobody getting in the way

This crazy life that I live

Can't say that I don't show effort

These other women drive like (?)

They never gonna keep my pleasure

Don't ignore me

Cause it's never what you think it is when I'm not answering

Girl listen my storyI'ma need your love

Energy give me everything

On top of me like a (?)

Baby that's where I want youLike you are property, like you are my property

I know mine just can't take you apart from me

My property, yeah-yeah, my property

Yeah you are my property, yeah you are my property

I know mine just can't take you apart from me

My property, yeah-yeah, my property

Nobody getting in the way-ay-ay-ay

Ain't nobody taking you away-ay-ay-ay
Nobody getting in the wayI said you are my property
You know I kill it at Monopoly
Most of them playing can't afford ya
Make sure you purse ain't, price is the mortgage
Everything I buy the opposite of foreign
Anywhere book a flight, now she boarding
Touchdown could shut down a city
Take a shot, another round in the semi
I love it, I love when you get in your begging
That's when I video, video snapchat
Your heart broke before I could leave, I could pass that
So my name is tat thereLike you are property, like you are my property
I know mine just can't take you apart from me
My property, yeah-yeah, my property
Yeah you are my property, yeah you are my property
I know mine just can't take you apart from me
My property, yeah-yeah, my property
Nobody getting in the way-ay-ay-ay
Ain't nobody taking you away-ay-ay-ay
Nobody getting in the way
