This Is The Countdown

MAE

Are you getting tired?
I think we've gone, and lost the fire.
But I don't wanna fight anymore,
I've had enough, of this town.I can see the signs,
and I can read between the lines.
But I don't know what we were fighting for,
I'm just trying, to breakout.I've been waiting for something,
I've been sitting for too long.
I've been waiting but oh tonight,
this one last try, goes on and on and on
[2x]You put your nets out,
and still you chose to do without.
the only way to catch a butterfly,
was never waiting for the wings, andThe seasons bring change,
and as the seconds fade away.
I still don't know why we were holding on,
But I'm still trying, to breakout.I've been waiting for something,
I've been sitting for too long.
I've been waiting but oh tonight,
this one last try, goes on and on and on
[2x]Should of known better than to listen.
When the dreams, and the words started falling aprt.Should of known, I would've hit the ground running.Did you think that the night would posses us,
take us over like the rain that's falling down.Did you notice when the clock stopped running?Running? [3x]This is the countdown; they say our time is running out.
I tread to stay above the waterline,
but never taking off the weights that,
keep us stuck here. In the comfort, and the fear.
I'll never know what we were fighting for,
but I'm still looking to breakout.I've been waiting for something,
I've been sitting for too long.
I've been waiting but oh tonight,
this one last try, goes on and on and on
[2x]
