

# Leavin' Again

Steve Poltz

You can say your comin' back  
You can say your leavin'  
Wish that you would let me know  
So I could stop my grievin' And if the road come back to haunt me  
Am I gone and I do not know  
If the sky come back to taunt me  
Am I gone and I'm feelin' low  
Gone and I'm feelin' low Don't talk of things that you don't understand  
No don't, discuss what you don't know  
It never did you any good no how  
Don't leave your things  
Well you got baggage hanging around  
It only makes it hard to walk this town You can say you're comin' back  
You can say you're leavin'  
I wish that you would let me know  
So I could stop my grievin' And when the clouds roll back I think of you  
The springtime makes me grin  
And everytime I turn around  
You're leavin' again  
You're leavin' again  
You're leavin' again  
You're leavin' again  
Mmm-mmm  
You're leavin' again
