Murder (Clean)

Kalenna

If your love is for me, for me
I don't need nothin' else baby
Make me believe in me
Real love can do anything
Put all your trust in me
Let's make memories
When I fall asleep at night with one thing on my mi-i-i-ndYour love, Promise you'll take good care of me
Every part of me-e-e-e
Your love, your love, your lo-ove
I know you'll take good care of me
Ev-very part of me(CHORUS)
Once upon a time a girl met a OG
Drop top Bentley left his mark on me
Murder, murder, murder he put it on me
Murder, murder, murder it's a real love thingOnce upon a time we was both lonely
Now we ridin' round screamin' that's all me
Murder, murder, murder now he put it on me
Murder, murder, murder it's a real love thingIf you fuckin' with me, with me, promise you'll never leave
We playin' for keeps, ba-by, don't play games wit' me
Cuz I wanna believe, be-lieve, love ain't hard to reach
And if you fuckin' wit' me, wit' me, real love is all I n-e-e-edYour love, Promise you'll take good care of me
Every part of me-e-e-e
Your love, your love, your lo-ove
I know you'll take good care of me
Ev-very part of me(CHORUS) x2
Once upon a time a girl met a OG
Drop top Bentley left his mark on me
Murder, murder, murder he put it on me
Murder, murder, murder it's a real love thingOnce upon a time we was both lonely
Now we ridin' round screamin' that's all me
Murder, murder, murder now he put it on me
Murder, murder, murder it's a real love thingReal love thing, thing, thing, thing.....
