

I Hate (Teen Angst)

Deviates

I'm not racist i hate everyone and yes, i hate you. I hate cops,
authority figures, parents, teachers too. i hate cabbage & brussel
sprouts. i hate things i can live without & i can live without you.
i can live without you, so just leave me alone, take your ball & go home, I'll do it on my own
the years go by and the names, they change yet teenage rebellion
remains the same, just pissed on kids living pissed off lives, pissed on lives
