Human Contact (Original Mix)

Catey Shaw

You were talking loud
I was waiting for a noise complaint
You just gave the look
I must have said something you hate
Now you want to argue
You want to tell me everything that's wrong
But I'm so distracted
'Cause they're playing my favorite songOh oh, doesn't matter, oh
Oh oh, doesn't matter, oh
We're together
Oh oh, doesn't matter, noIf you just shut that pretty mouth
We'll forget what the fight's about
Come on, just let me turn you out, turn you out
With human contact, human contact
If you just shut that pretty mouth
Baby we, we could burn it down
Come on, let's turn this sh-t around
With human contact, with human contactBaby, can't you see that your point's already made
Can't you let it go, let's listen to the music play
Right now I've forgot what we were even mad about
Let's quit sitting here, let's work this matter outOh oh, doesn't matter, oh
Oh oh, doesn't matter, oh
We're together
Oh oh, doesn't matter, noIf you just shut that pretty mouth
We'll forget what the fight's about
Come on, just let me turn you out
With human contact, with human contact
If you just shut that pretty mouth
Baby we, we could burn it down
Come on, let's turn this sh-t around
With human contact, with human contact
