Come On Inside

Magnapop

Every edge
Touches me
Every edge
Makes me bleed
Even in
Even here
How it is
Or how it feelsOn the inside
When I saw you there
Come on insideEvery edge
Moving me
Every edge
Cutting clean
Even you
Sliced in two
There it is
How does it feelOn the inside
When I saw you there
Come on inside
Let me take you there
On the inside
When I saw you there
Come on inside
Let me take you thereI came I saw and I slowed down
To argue with the itchy sound
Of my own voice in my own head
Scratching me until I bledOn the inside
When I saw you there
Come on inside
Let me take you there
On the inside
When I saw you there
Come on inside
