Everything I Have Is Blue (Guitar Mix)

The Smithereens

You can walk with your head in the clouds
You won't find the place to hide
You can lie through your teeth in the night
You can't hide the hurt insideYou can think 'bout the lies that you told me
It won't be the only one
Alibis, someday I will forgive you
When everything is said and doneSee me walking with someone new
It makes no difference
'Cause everything I have is blueYou will write I don't know what I'm doing
I won't last a day without you
In the night contemplating my doing
Things you said that now all come trueWanna go, wanna stay with you, baby
I've know we're going crazy, I know
Wanna be someone else in my dreams
There's a much better place I can goSee me walking with someone new
It makes no difference
'Cause everything I have is blueEverything I have is blue
Everything I have is blueYou can walk with your head in the clouds
You won't find the place to hide
You can lie through your teeth in the night
It won't help the hurt insideWanna go, wanna stay with you, baby
I've know we're going crazy, I know
Wanna be someone else in my dreams
There's a much better place I can goSee me walking with someone new
It makes no difference
'Cause everything I have is blueEverything I have is blue
Everything I have is blue
Everything I have is blue
Everything I have is blue
