Not Me

Milk Maid

Always waiting for the truth to come out
I'm caged in your eyes
And it's making me lieSo I'm not everything you wanted me to be
Sorry, I ever disappointed
I am not meI lied my way in through your heart
I feel so ugly
And it's tearing at meSo I'm not everything you wanted me to be
Sorry, I ever disappointed
I am not meI am not me
I am not me
I am not meI am not me
So I'm not everything you wanted me to be
Sorry, I ever disappointed
I am not me
