Winds of Change

James Reyne

Last ditch desperado
Tore the temple down down down
Tore it down
Sermon on the mountain
Arrogance of heat & lust
Turn to dustChorus ~
Don't swim where tides go turning
Don't walk alone in the pouring rain
Don't run where bushfires burning
Don't blow with these easyPeaceful as a drowning
Devil of a moonless night
That's alright
Still that rain kept falling
Spittin' on the broken ground
Broken groundChorus ~ x 2Winds of changeRock me in your lying
Spinning in a clear blue sky
That's all right
Last ditch desperado
Tore the temple down down down
Tore it down
