

Fighter (feat. Yoonmirae & Autolaser)

Far East Movement

[Verse 1: Yoonmirae]

Fighter

With my back against the wall

Said that you've had enough

But you still take my calls

I need to know

I need to know

If there's any fight left

For us to make it all right

Tell me what's the next step?[Chorus: Yoonmirae]

I'm a fighter

What do you wanna do now?

You a fighter?

Whatever you gotta go through

Fighter

Baby it's up to you

Whatever you wanna do

I'm down with it

Ohhhhhh

It's up to you

Whatever you goin through

I'm down with it

[Bridge: Yoonmirae]

Fighter

Knock me down but I'll keep fighting

For you til' the end we'll keep on trying

Like a fighter

Knock us down but we're survivors

For love, til' the end we'll keep on fighting[Refrain: Yoonmirae]

Fighter

Fighter

Fighter

Fighter[Chorus: Yoonmirae]

Ohhhhhhh

It's up to you

Whatever you wanna do

I'm down with it

Ohhhhhhh

It's up to you

Whatever you goin through
I'm down with it[Verse 2: Yoonmirae]
