Shed (Nervous Energies Session)

Title Fight

You're cold
Like the blood that runs through your veins
I've been told
There's a black spot next to your name
That you can't seem to erase
Shed your skin
Change your faceBut you're all the same
You're all the sameShed your skin
Find a better body to fit inI've lost track
Of all the times you've betrayed
I've lost faith
In the friendships I have made
I'd drag you down and put you in you place
Shed your skin
Change your face
