Best Thing That Never Happened

Paul Westerberg

I'm the best thing
That never happened
I'm the best thing
You never hadYou're the best thing
That never happened
That never happened
It's really too badAnd I was the last thing
That you ever wanted
I'm the best thing
You never hadYou were the first one
To turn me on
To turn me on fast
To turn me down flatYou were the first one
To turn me on fast
To turn me on fast
To turn me down flat'Cause I was the last thing
That you ever wanted
Still the best thing you never hadNow you don't know
What you're missing
You'll never know what you had
You'll never know what you're missing, oh yeahI was the best thing
That never happened
The best thing you never hadBut you want all the pick of the litter
Don't go away bitter
Now I wouldn't do thatI was the last thing
You ever wanted
The best thing
You'll never haveBaby, the best thing
That never happened
The best thing
You'll never have
The best thing
You'll never have
