Pushing You Too Far

Treponem Pal

Your own desire keepin the power
Uniform and duty cleaning by fire
What?s your desire blowing your mind out
Everything is a dance everything ?s a romance

What you?re in for is pushing you too far
What you?re in for is pushing you too far

What?s your desire sneakin emotions
Your own deception losing emotions
The excess is a dance the excess is a trance
Everything is a dance and nothing has a sense

What you?re in for is pushing you too far
What you?re in for is pushing you too far
Just pushing you too far

What?s your desire hiding your vices
What?s your desire you?re own discipline
Everything?s a romance it?s the age of non sense
The excess is a dance everything?s like a trance

What you?re in for is pushing you too far
What you?re in for is pushing you too far
Just pushing you too far
Too far
Pushing you too far too far
