Stand Up

Santana

Love brings a change
I wanna take a chance
And let it grow
I trust my feelings
I wanna be with you
Wherever you goOh baby
WeFFFF92re more than friends
So precious it should never end
Oh baby
CanFFFF92t help but winStand up, say it loud
What we need is a lot more love
Stand up, say it loud
What we need is a lotta good good loveTonight is our turn
We have the opportunity
DonFFFF92t be afraid
Want to make you happy
Satisfy the dreams inside our headsOoh daylight comes around so fast
I wanna make this evening last
Ooh baby, IFFFF92ve given my bestStand up, say it loud
What we need is a lotta love
Stand up, shout it out
What we need is a lot more loveOoh baby, new dreams to share
And someone that will truly care
If youFFFF92re lonely
I will always be thereStand up, say it loud
What we need is a lot more love
Stand up, shout it out
What we need is a lotta good good love
