Local Construction

Relient K

Days rollin' by like local construction
The cranes try to scrape some more sky before quitting time
Work on it, work at it, work, but its never doneDays rollin' by like local construction
I'm watching the tenements increase by increments
Work on it, work at it, work, but its never done, no noFix the car, fix the house, fix the flaws in my self
Its never done, no no
Its never done, no no
Like local construction, its never done
Days rollin' by like local construction
The birds interrupt the cat while its packing itWork on it, work at it, work, but it's...Days rollin' by like local construction
Like one big blue tarpaulin draped over scenery
Work on it, work at it, work, but it's never done, no noFix the car, fix the house, fix the flaws in myself
Its never done
Its never done, no no
Like local construction, its never done
Like local construction, its never done, no noI'll forgive my manners [?] stammers
Jackhammers clambering on
Fix the car, fix the house, fix the flaws in myself
Its never done
Its never done, no no
Like local construction, its never done
Like local construction, its never done, no no
