Tuck Ya Ice

Trick Daddy ft. Birdman

Cane is in the buildin', nigga
Tuck, tuck that, tuck, tuck that
Tuck, tuck that, tuck, tuck that
Tuck, tuck that ice in, you ain't, you ain't iced out
Tuck, tuck that ice in, I shine like a lighthouse
Tuck, tuck that ice in, you ain't, you ain't iced out
Lights on, lights off, I shine like a lighthouse
Tuck, tuck that ice in, you ain't, you ain't iced out
Tuck, tuck that ice in, I shine like a lighthouse
Tuck, tuck that ice in, you ain't, you ain't iced out
Lights on, lights off, I shine like a lighthouse
My shit is platinum, these assholes wearin' white gold
See I'm too smart in these cars, nigga, all my shit paid for
And why should I rent a house, when I can buy it and write it off?
Make it my Florida home for the summer
'Round winter time, just rent it out
See I ain't none of them, who ride around on rented rims
I change on the weekend, and floss in his mama's Benz
See when I hit the scene, I be so fresh, so clean
White fitted, white tee, ain't 'Nann Nigga' like me
What kinda shit you on, wearin' fuckin' rhinestones?
Them cubic zirconia, son, them ain't fuckin' diamonds
So you gonna fuck around and get gangrene at the arm
I rob and kill one, over some muh'fuckin' slum
Your chain is crazy but that shit for gazey
And it ain't real, unless it's copper or stainless steel
So whoever made it, you shouldn't have paid
Twenty grand for a diamond chain that's fuckin' gold plated
Tuck, tuck that ice in, you ain't, you ain't iced out
Tuck, tuck that ice in, I shine like a lighthouse
Tuck, tuck that ice in, you ain't, you ain't iced out
Lights on, lights off, I shine like a lighthouse
Tuck, tuck that ice in, you ain't, you ain't iced out
Tuck, tuck that ice in, I shine like a lighthouse
Tuck, tuck that ice in, you ain't, you ain't iced out
Lights on, lights off, I shine like a lighthouse
16 out the house, 17 gold mouth
18 on the block, nigga got them thangs out
Birdman Stunna, nigga, we don't sit in jail

Real niggas do real thangs, you know we make bail
Trick hit me on the cell, know I gotta make a sale
Found myself in Dade County, nigga movin' pounds of bail
So fresh, so bright with the ice
Nigga, you could lose your life playin' with the bright lights, yeah
Cali got my back, I'm strapped nigga and [Incomprehensible]
Doin' it big, poppin' bottles, nigga, the G way
Black handles, black ice, we'll get it right
For a cheap price, nigga that cutter'll get your mind right
M O B to a bitch, made my hood rich
Click, cash, money young, money it's that uptown shit
Ballin' on them bitches, shot callin' on them bitches
Two million on some ice and some cars on them bitches
Tuck, tuck that ice in, you ain't, you ain't iced out
Tuck, tuck that ice in, I shine like a lighthouse
Tuck, tuck that ice in, you ain't, you ain't iced out
Lights on, lights off, I shine like a lighthouse
Tuck, tuck that ice in, you ain't, you ain't iced out
Tuck, tuck that ice in, I shine like a lighthouse
Tuck, tuck that ice in, you ain't, you ain't iced out
Lights on, lights off, I shine like a lighthouse
They asked the kid the difference between mine's and his
See my shit blindin', his shit don't shine 'cause that shit ain't real
His gemstones, they fruity pebbles, just like Flinstone
And he had his Roley on but I ain't even notice his arm
But his diamonds' cloudy and he ain't shiny
And I heard his shit tick tick tickin', oh man, this nigga trippin'
See we poppin' bottles, smokin' bugga, actin' cocky
Big thangs with fat pockets, wearin' seventy thousand dollar watches
My overseas friends, we breakin' them thangs in
Invest in smaller hick town, shakin', bakin' and breakin' it down
We gettin' top dollar 'cause we got that top powder
Hoes slob on our johnson 'cause johnson got that best powder
We call a grand a dollar, we gettin' money, holla
Rollin' hard with five fives, real fuckin' street ballers
Identify troubles with the first quarter
But I'm on the right path
At this rate, I'll be sellin' slabs by the halves
Tuck, tuck that ice in, you ain't, you ain't iced out
Tuck, tuck that ice in, I shine like a lighthouse
Tuck, tuck that ice in, you ain't, you ain't iced out
Lights on, lights off, I shine like a lighthouse
Tuck, tuck that ice in, you ain't, you ain't iced out
Tuck, tuck that ice in, I shine like a lighthouse
Tuck, tuck that ice in, you ain't, you ain't iced out

Lights on, lights off, I shine like a lighthouse
