See for yourself that i can make it alright.

Let's get out there and shine like we're supposed to do.
The way we movin', we belong in the light.
I got you close to me, don't you run and hide.
Turn it up baby, it's glow time.

Cause his game is keeping you down, down, down
That's why we gotta jump, jump, jump
Lace up ya good shoes
I swear it's the right move tonight girl.
