Presidente

In Trance 95

I saw her quite a lot of times
Speaking on the telephone
Being sensual almost gone
Sucking by the telephoneI guess she's the president
Well done kid in politics
Too much brain for tragedies
Overnight qualitiesI knowI saw her quite a lot of times
Speaking on the telephone
Being sensual almost gone
Sucking by the telephoneI guess she's the president
Well done kid in politics
Too much brain for tragedies
Overnight qualitiesI knowYou have died from long ago
And you have lied for more and more
Quite enough your hide and seek
Your propaganda makes me sickI know
