Every Moment

Sam Ock

see, my heart is on fire
for all of my hope is slipping through these cracks
of all my sin...
i know that You know these things
this journey's taking all the strength i have.but You would (take me in/pick me up) again
this fallen, beaten, state i'm in
(with/in) You i know that i have everything
and i wonder
will it be today, or maybe tomorrow
that i find my strength in You?
for the road is long with sunshine and sorrow
but still i cherish every moment with You!yes i do! (right here,) when i'm with You!see, i'm weary, i'm tired
but You give me peace of mind through all my days
and all my nights
i know that You're guiding me
so every doubt i have will fade away
there is no better place
of love and amazing grace
no more tears or pain
'til then i will never cease to pray!
